

How to Upload a Game Film

I - MUST DOWNLOAD HANDBRAKE SOFTWARE FIRST

1. **Download Handbrake Software** (Orange Button on Tutorials Page)
2. For Mac – Choose Download (Intel 64bit)
For Windows – Choose Download

II – Encoding Process

1. Open Handbrake
2. Select **Source**
3. Find game film and click **Open**
4. Make note of the File Destination
5. Format needs to be **'MP4'**
6. Check **"Large File Size"**
7. Check **"Web Optimized"**
8. Video Codec should be **H.264 (x264)**
9. Click **o Target Size (MB)** and type in **300**
**The less MB's, the shorter the encoding process, but the decrease in quality
10. Select **Start** and the encoding process will begin (est. time 20-25 minutes)

III - Uploading a Game to your Schedule

1. Go to **Edit Schedule**

2. Select **Upload**
3. Under **Video File**, select **Choose File**
4. Find encoded game film and double click
5. Select **Upload File** (*est. time 20-25 minutes – depends on connection speed)

IIIa – Uploading to Practice/Scrimmages (This is where you upload opponent's films you receive on DVD)

1. Go to **View Practice/Scrimmages**
2. Select **Add a New Game Film**
3. Press **Choose File**
4. Find encoded game film and double click
5. Enter Date
6. Enter Teams
7. Select **Upload File**
